

# 12, 24 & 240 VOLT

## DIAPHRAGM PUMPS

Available in 12, 24 and 240 volt motors. Selecta pumps offer long life, unmatched reliability and trouble free performance. A wide range of accessories and spare parts are readily available. All Shurflo pumps are available individually, fitted with filter, or complete with hose and spray lance.

### SHURFLO DHP SERIES 12 VOLT DC TWIN HEAD HIGH FLOW PUMP

**NEW**

Ideal for boom spraying and chemical transfer.  
 Capacity 27L/min. at max. pressure  
 300 kPa (40 psi), 1/2" BSP ports, low amp draw

### SHURFLO 24 VOLT DC DIAPHRAGM PUMPS

Available in 300kPa (45psi) 11.3L/min. or 400kPa (60psi) 2.1L/min. with on/off demand pressure switch.  
 Compact size 3/8" BSP female or 1/2" BSP male ports.  
 Ideally suited to any machine fitted with 24 volt DC system eg. bulldozers, trucks and road sweepers.

### SHURFLO 240 VOLT AC DIAPHRAGM PUMPS

These durable and efficient positive displacement diaphragm pumps are available in 400kPa (60psi) 4.5L/min. or 690kPa (100psi) 4.5L/min. with on/off demand pressure switch fitted as standard.  
 Compact size, 3/8" BSP female ports with diaphragms that are ideally suited to carpet cleaning applications.

(Warning: Should be wired by a certified electrician)
